SO PPA

### Backdoor

To rekker. 1 finter mot venstre, vender opp mot 2 og dribbler én gang. 2 kutter hardt backdoor. 1 utfører énhåndspassing med utsidehånd. 2 mottar ball i jump stop. Retningskifte med ett sprett inn i avslutning på kurv.

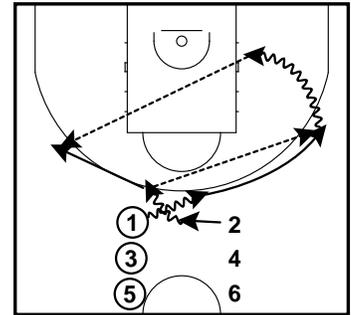

2 m Motion Dribble@  
SO PPA

### Handoff, Flare, Rip & Go

Liksom-forsvar X2 spiller av. 2 kommer inn i en handoff (denne situasjonen kaller vi "Hold"). 2 ser etter å angripe med ball mens 1 flarer til utsiden. 2 stopper i jump stop, gjør en reverse pivot og passer til utsiden av 1. 1 river og går baseline. 1 drifter 45 grader på toppen (DDA).

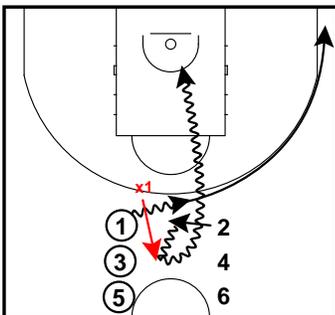

2 m Motion Dribble@  
SO PPA

### Handoff, Flare, Rip & Go + DDA

Samme som forrige, men 1 passer ballen over hodet til 2 som drifter på toppen.

2 m Motion Dribble@  
SO PPA

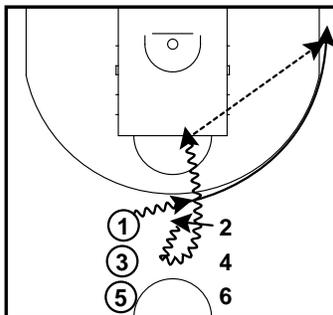

### Handoff, Flare, Drive denied

Hvis X1 hedger hardt på handoff og blokkerer banen til drive: 2 kan gjøre to ting

- 1) Jump stop, reverse back pivot (drop step) tilbake og drive til kurven.
- 2) Retreat dribble ut, beskytte ball ved hofte, og snu dribbling tilbake for å angripe.

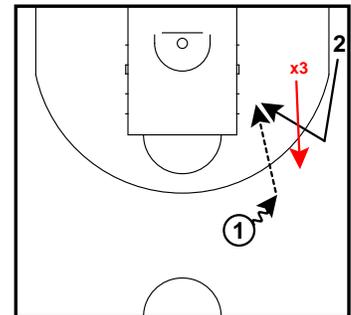

2 m Motion Dribble@

### Handoff, Flare, Drive denied + DDA

Samme som forrige med pasning til skytter.

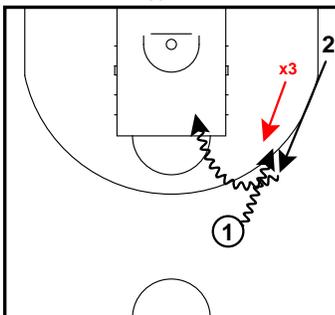

2v1 dribble@  
SO PPA

O2 will fill up from the corner. The dummy defender X3 will either deny or sag off. Deny = backdoor cut as in the diagram. Sagging defense = dribble hand-off as in the next diagram..

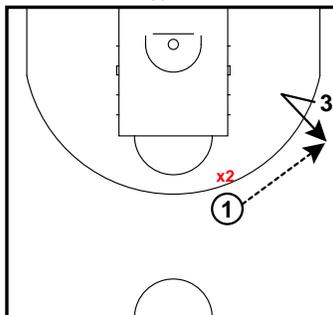

**Purpose of the drill:** work on 2-man cooperative movement in a dribble-at situation.

2v1 dribble@  
SO PPA

X3 may sag of which means a dribble hand-off.

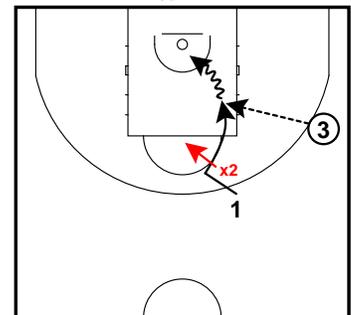

2v1 Give & Go  
SO PPA

This drill works on simple give & go with dummy defense. When one of the offensive players pass they must read the defense and make the correct cut. The drill alternates between cuts from the top and from the wing.

**Purpose of the drill:** Work on basket cuts, passing and footwork (V-cuts, pivoting etc.).

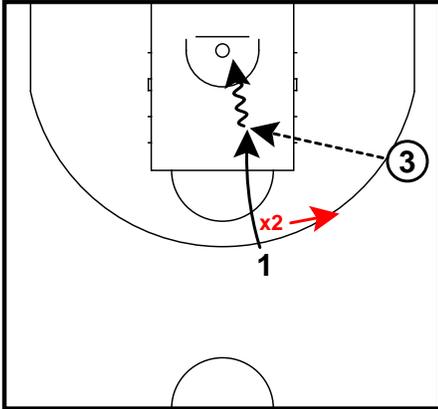

2v1 Give & Go  
SO PPA

After O1 has made the pass to O3 he must set up the defense away from the ball. If the defense is on the wrong side O1 must front cut.

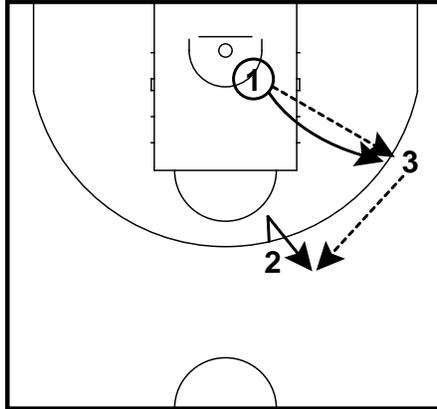

# Pass og kutt

2v1 Give & Go  
SO PPA

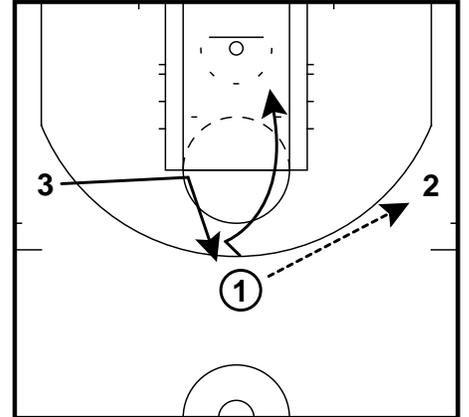

If X2 jumps to the ball O1 must back cut.

2v1 Give & Go

# Fastbreak

Spiller 1v1 i fastbreak sit. Begge løper fra innsiden og ut. Forsvaret starter å løpe når mann med ball starter.

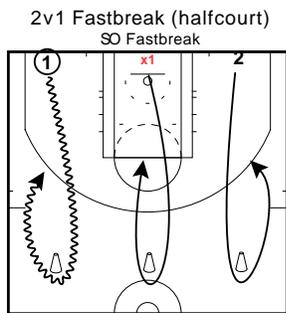

Play 2 on 1. When the ball crosses the half court an extra defender sprints into the mid circle and helps out in defense. If the offense does not find a quick shot it is 2 on 2. The offense and defense will fight for the rebound.

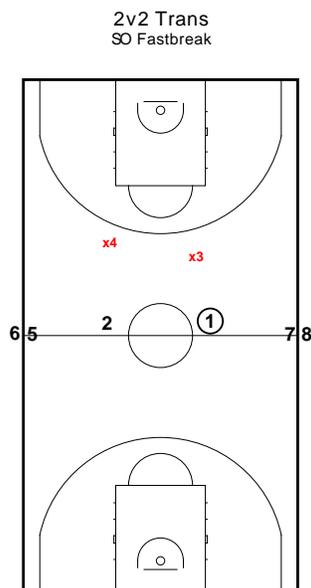

The two defenders X3 and X4 becomes offense and attacks the other way, where X5 will become the extra defender. One of the offensive players steps out (e.g. O2) and the second one stays in defense (e.g. X1).

### Options:

- 1) divide into two teams (need 8 players).
- 2) on made baskets the offense may press full court until the ball crosses the half court.

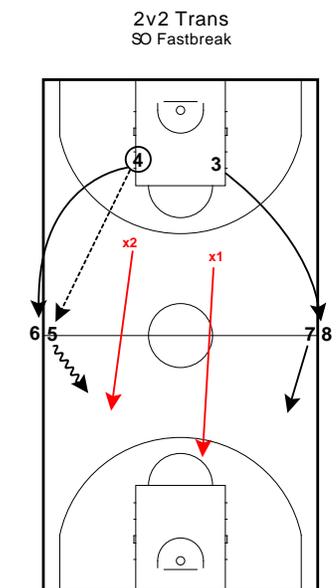

Spiller 2v1 i fastbreak sit. Begge angreppspillere løper innsiden og ut. Hold bredden og prøv å få scoring i 3 sek feltet

A 2 on 2 drill that focuses on transition defense. O1 and O2 plays 2 on 2 against X3 and X4.

**Purpose of the drill:** Defensive transition.

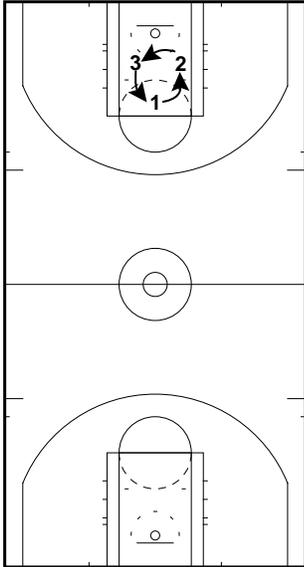

The offense always becomes defense. When they have lost possession of the ball they must sprint back on defense to 1) pressure the ballhandler and 2) protect the basket. The previous defense (players 3 and 4) outlets the ball to one of the lines at mid-court. They will both get back in line.

The new offense are not allowed to run into offense before the offense (O5 in the diagram) has touched the ball. In other words the offense are not allowed to cheat! Its now 2 on 2 again on the other side.
